

LOW Associates Windows Accounting System

Daily Cash System

Since 1975, Low Associates has provided the most comprehensive and affordable software available.

From Networks to single-user systems, our quality and support are unmatched.

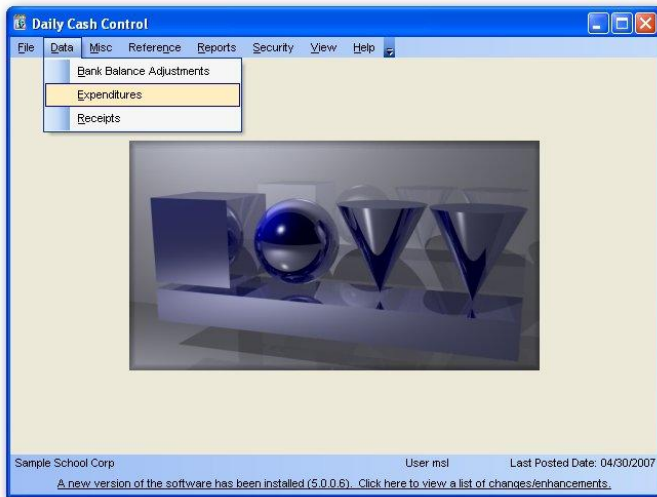

Our new windows line of products continues the tradition of excellence.

The daily cash control system can be used as a control for the financial system to maintain receipts, cash, and disbursements from within your organization.

- Track receipts, cash, and disbursements for multiple banks and funds
- Search for receipts and disbursements using True Windows user friendly filtering features
- Allows printing of bank and fund ledgers in detail or summary
- Security features to control user access
- Daily Cash vs. Financial Report to assist in locating discrepancies
